ENHANCING THE IN-VEHICLE EXPERIENCE PER MILE

# HAPPY 10<sup>TH</sup>

## ANNIVERSARY

### **A Decade of Innovation, Perseverance, and Growth**

As we mark 10 years, it's incredible to see how far EagleTC has come - from our beginning in 2015 in Rochester, Michigan, to becoming a trusted global partner in system-level testing, field testing, and EV charging solutions, with offices in the US, Jordan, Australia, and Mexico. With a focus on quality, agility, and innovation, we've grown through challenges, expanded our services, and built lasting partnership with OEMs and Tier 1 suppliers.

### **Reflecting on the Journey: What We've Achieved Together**

Over the past decade, EagleTC has hit major milestones, delivering innovative projects, expanded what's possible in automotive technology. We've become masters in system-level and field testing, ensuring quality in real-world conditions. Our role in EV charging has grown, offering trusted solutions that power the shift to electric mobility. Our consulting services have flourished, helping clients navigate challenges, optimize testing processes, and implement solutions with measurable results. But what truly drives our success is the dedication of our team and the spirit of collaboration that defines everything we do with excellence.

## Looking Forward: Shaping the Future of Mobility

Looking ahead, EagleTC is focused on shaping the future of the connected mobility through bold innovation and strategic thinking. Our vision remains clear: to be a global leader for technical excellence and cutting-edge solutions. We will continue leading the charge in enhancing the in-vehicle experience, creating smarter and safer solutions, and revolutionizing automotive testing. Focusing on expanding our global footprint, turning every challenge into an opportunity to innovate and grow.

### What our clients say about EagleTC:

*“EagleTC quickly provided a comprehensive quote, enabling us to win a multi-year project. Their technical expertise, support with logistics and sourcing, and ability to test in parallel and handle firmware regression allowed for rapid turnaround. Their quality of service led us to use them again for a South American project. We've partnered with EagleTC since 2019—one of our best outsourcing decisions.”*  
- Tier One Client

*“EagleTC stood out from the other vendors when we needed to expand our mobile device testing for infotainment systems. Their team’s knowledge and experience in the domain were unmatched, and they consistently delivered top-quality service. I recommend EagleTC without hesitation for anyone seeking expert testing and validation services.”*  
- OEM Client

*“Working with EagleTC for infotainment testing has been a complete success. Their team was always prepared, even on short notice, and their engineers were not only knowledgeable but also eager to learn and adapt in our fast-paced environment. We truly value their expertise in Voice Recognition, OTA, and EV testing.”*  
- OEM Client

## What our employees say about EagleTC:

*"Being at EagleTC for nearly five years has been as incredibly rewarding experience, The leadership's commitment to innovation, along with the company's dedication to employee well-being, sets EagleTC apart. It's truly inspiring to be part of a team that values integrity, encourages feedback, and consistently stives for excellence."*

*"As a provider of Bluetooth and Wi-Fi testing solutions in Australia, working at EagleTC has been both fulfilling and professionally enriching. Our team's collaborative approach and commitment to excellence have allowed us to lead technological innovations that impact clients across diverse industries."*

*"EagleTC is more than a workplace - it's a place where you're encouraged to grow and innovate. The leadership is always transparent about the company's direction and vision, which makes me feel supported and involved in our future success. Working here is both professionally and personally fulfilling."*

## A Heartful Thank You

Our journey wouldn't be possible without the support of those who believed in us - from professors and mentors to family and friends, and above all, the EagleTC team. Your dedication, insight, and encouragement have been key to everything we've achieved.

To our partners, we thank you for allowing us the many opportunities to showcase our talent and expertise.

As we enter the next decade, we are more committed than ever to delivering innovative solutions, shaping the future of the connected car.

Thank you to everyone who has been a part of our journey - we couldn't have made it this far without you. Let's continue enhancing the in-vehicle experience per mile - together.

*Here's to another 10 years of growth, success, and industry leadership.*

*With Gratitude,  
The EagleTC Team*
