ENHANCING THE IN-VEHICLE EXPERIENCE PER MILE

Celebrating 10 Years of Excellence

Burn the Ships

The only option is to move forward and that was exactly what EagleTC has done. This year we proudly celebrated our 10-year anniversary hosted by Oakland University School of Engineering and Computer Science.

EagleTC was honored to be awarded an official proclamation from Oakland County, recognizing our growing contributions to the region's engineering and technology landscape. This acknowledgment reflects EagleTC's commitment to innovation, excellence, and partnerships within the community.

Strengthening Our Team:
Fresh Perspectives
Continued Growth

Strengthening Teams.
Shaping the Future of Engineering.

EagleTC is proud to continue expanding our engineering team in the US. In parallel, our Jordan office is actively collaborating with Hussein Technical University to provide interns. EagleTC is dedicated to fostering global talent development and advancing our commitment to engineering excellence.

Fresh Perspectives:
Elevated Ideas. Stronger Solutions

The fresh perspectives have energized our teams and added exceptional value to our projects. This growth reflects our commitment to strengthening capabilities, supporting our OEM and Tier One partners, and delivering best-in-class validation and engineering services nationwide.

ENHANCING THE IN-VEHICLE EXPERIENCE PER MILE

Reflecting on a Year of Impact: Projects Driving Our Success

Reimagining Engineering Excellence

EagleTC is reimagining embedded systems validation through technical expertise, innovative methods, and a global talent network—delivering smarter, faster, and more reliable solutions. Looking ahead, we'll continue investing in EV solutions, AI-driven validation, and next-generation automotive technologies to elevate quality, efficiency, and user experience for our partners.

Once again, a huge thank you to our dedicated team for their hard work and dedication. We are proud of our achievements and look forward to continuing our journey of excellence.

Elevating Vehicle Technology

EagleTC advanced automotive innovation this year by developing an EV charging compatibility matrix, mapping stations across North America for comprehensive test coverage, and driving innovations in OTA updates, digital key, mobile apps, telematics, and wireless charging. We achieved 50% revenue growth and expanded our customer base, while strengthening expertise in digital cockpit and connected car systems to enhance user experience, reliability, and product quality.
